## Welcome Back

A new Cub Scout year is here, and we're excited to get things rolling! Whether your Scout is returning for another year or joining us for the first time, we're looking forward to another year of adventures, learning new skills, making friends, and having fun together.

As we kick off the year, we'll be spending some time getting settled into our dens, welcoming new Scouts and families, and getting everyone ready for the adventures ahead. We have a lot of fun planned for the coming months.

This year we are doing a Scout Skill of the Month in each newsletter. Each month, we'll highlight a useful skill that Scouts can learn and practice. These are skills that Scouts can use both in Scouting and in everyday life.

Thank you for being part of Pack 49. We can't wait to see what this year has in store!

### Pack Info:

- Meetings are 1<sup>st</sup> Monday of the month at 6:15 PM at Summit Elementary
- Cubmaster Contact  
Brandan Stobbs  
(262) 853-2095  
pack49summit@gmail.com
- **Join us on Facebook!**  
Search for "Cub Scout Pack 49 - Summit"

- 10/10 - Cushing Park Hike
- 10/12 - Pack Meeting
- 10/17 - Clean Up Day @ Okauchee Lions Club

### Happy Birthday!

Whitney (Treasurer)

## Scout Skill of the Month: How to Read A Compass

Start by holding the compass flat in your hand, away from metal objects and electronics. The magnetic needle will point toward magnetic north. Once you know where north is, you can identify the other directions: east, south, and west.

Try this as a family: Take your compass outside and see if you can find something that's north, south, east, and west of your starting point. Then pick a direction and see if you can walk in a straight line while keeping your compass pointed that way!
